MEMORANDUM FOR:

FROM:

DCI

I'm getting tired of reading ~~in our booklets~~ papers that have initials of various components of CIA which I don't know. The best I've been able to find so far is the overall secret organization chart which lists those initials, but I think I know most of those by now. I keep running into new ones, e.g.,  Is it possible to put together an alphabetical list of all the component abbreviations we have in Headquarters so that I can finally begin to learn what they are?
